NAME

TITLE

PRIVACY PRESERVING INFORMATION ACCESS: HOMEWORK 1

ACADEMIC YEAR

*** THE CONTEXT ***

Describe (1-2) slides the context of your problem - why are your data important and what are they used for?

*** THE DATA: IDENTIFIERS ***

Which identifiers are present in your data?

*** THE DATA: QUASI-IDENTIFIERS ***

Which quasi-identifiers are present in your data?

*** THE DATA: SENSITIVE ATTRIBUTES ***

What are the sensitive attributes that you need to protect?

*** ADVERSARIES ***

Who might be able to access to your data? how can your data be exploited to harm you, your users or your business?

*** CODE ***

2-3 slides with some snippets of code (plus results) that you used to protect your micro-data.

If you do not have access to the data, generate them (show how you did it)

*** CONCLUSIONS ***

Final remarks, conclusions and future directions

Put also some open questions that you want to discuss with your colleagues

Remember, you have approximately 7 minutes to present your work and 3 minutes to answer your colleagues questions.
